

## JOB DESCRIPTION

**Position:** Draft & Design Technologist  
**Position Type:** Full Time  
**Location:** Tresco Consoles, 2235 Blackfoot Trail SE, Calgary, AB, T2G 5C5

### Position Summary

Tresco Consoles is looking for an energetic Draft & Design Technologist to take on a rewarding drafting and design position in the control room industry.

### Key Responsibilities

As a Draft & Design Technologist you will be responsible for providing drafting and design support to our sales team. The successful candidate should be able to effectively use AutoCAD to perform various drafting and design tasks. Responsibilities will be focused around the layout and design of proposal drawings.

Applicants must be proficient in AutoCAD modeling. Competency in Solidworks and CNC programming is an asset. Experience in office furniture manufacturing is a plus. Applicant must have a strong mechanical aptitude, possess creativity, and be detail oriented and analytical.

### Required Skills

- Expertise in AutoCAD, Solidworks and CNC software
- A passion for drafting, modeling, rendering
- Able to perform tasks unsupervised
- Positive attitude and interest in learning
- Outstanding communication skills, both oral and written
- A drive to succeed in a competitive environment
- Effective multi-tasker, problem solver
- Strong collaboration and organizational abilities
- Fastidious attention to detail

If you are an ambitious Draft & Design Technologist with exceptional design skills and a desire to achieve, we would like to speak with you.
